

Digital Microscope With LCD

DIGITAL MICROSCOPES(5MP) WITH LCD

“GIPPON-GETNER”, in collaboration with Gippon(Japan) Inc. Ltd, has launched a wide range of Digital Microscopes, covering all most all models, of its Biological/ Metallurgical/ Polarizing and Inverted Microscopes etc. upgraded with built-in Digital Camera, high resolution, % Mega Pixels with built in 8” LCD screen in the Binocular head. The technical features of Digital Camera with LCD 8” when incorporated in “GIPPON-GETNER”, Microscopes are as under:

DIGITAL CAMERA WITH LCD FOR UPGRADATION OF “GIPPON-GETNER”, MICROSCOPES

TECHNICAL FEATURES:

High Resolutions, Microscope auto camera system 5 Mega Pixels, with 8”TFT Screen

- Auto Exposure with Data Mode(year, month, day, hour & minute) with Video & AV output(NTSC/PAL)
- SD slot with 4GB Memory card to store video & still pictures
- Computer Compatible, supplied with “GIPPON”, Navigation software and calibration kit according to Japanese Industrial Standards(JIS).
- Supplied with Battery backup and C.C adopter to operate on main. AC 220/240 Volts.
- Infinity Corrected Anti Fungus optics and Magnification Range as detailed in the respective Microscope model.
- Supplied with working and calibration manual.
- Unconditional warranty against any manufacturing defects and free replacement for one year

MICROSCOPES AFTER UPDATION:

A) BIOLUX-N-LCD, Biological Microscope with built-in Digital Camera, 5MP and 8” LCD: The specifications of Digital Camera & LCD are mentioned above and for Microscope, (Refer page no 2, for detailed specifications.) **Code: BIXD-2222**

B) NEOPLAN-N-LCD, Research Microscope with built-in Digital Camera, 5MP and 8” LCD: The specifications of Digital Camera & LCD are mentioned above and for Microscope, (Refer page no 3, for detailed specifications.) **Code: NPBD-7777**

C) OPTOPLAN-N-LCD, Research Microscope with built-in Digital Camera, 5MP and 8” LCD: The specifications of Digital Camera & LCD are mentioned above and for Microscope, (Refer page no 4, for detailed specifications.) **Code: OPTD-4444**

D) MELUX-NLCD, Upright Metallurgical Microscope with built-in Digital Camera, 5MP and 8” LCD: The specifications of Digital Camera & LCD are mentioned above and for Microscope, (Refer page no 4, for detailed specifications.)

Code: MEPD-6666

E) INVERTOPLAN-NLCD, Inverted Metallurgical Microscope with built-in Digital Camera, 5MP and 8” LCD: The specifications of Digital Camera & LCD are mentioned above and for Microscope, (Refer page no 20, for detailed specifications.)

Code: INPD-8888

F) POLAVISION-IT-LCD, Polarizing Microscope with built-in Digital Camera, 5MP and 8” LCD: The specifications of Digital Camera & LCD are mentioned above and for Microscope, (Refer page no 25, for detailed specifications.) **Code:PVD-1111**
